Report

By Jeff Moritz '86, Alumni Association President

The Lodge ... at the Center of Growth and Activity

The past year has been busy for the Chi Chapter Alumni Association. We have stepped up our communication efforts with our alumni. We have developed a new Web site and are committed to being more proactive in our efforts to keep you more informed of what is happening with the chapter and the alumni association. However, we ask that you provide us with updates on what is new in your lives. We are always interested in news, photos and stories from the past. You can provide this information to us online or via the mail. We welcome your feedback and hope you find our efforts worthwhile.

It has also been a busy year at our Lodge. We have made a number of improvements. We replaced the original 1969 furnace with a more efficient new model. While our gas bills will be much lower in the future, the purchase price was a significant upfront investment. We also contracted with a local firm to refinish the wood floors on the first floor. The new floor looks fantastic and adds a great deal to the appearance. We are making several improvements to the septic system and have brought it up to current code.

Lifetime of **Service**

Chi Celebrates Doc Burns' 30th Anniversary

In October, Chi Chapter celebrated Bob "Doc" Burns' 30th anniversary of his initiation and service to Chi Chapter. About 30 Chi Delts representing the classes of 1974 through 2006 enjoyed a great dinner and night of brotherhood at The Athletic Club of Columbus. Those in attendance shared stories and memories of Doc and the chapter. In addition, Chi alums who could not be there in person sent personal notes of congratulations that were shared with Doc that evening. As a token of our appreciation for his years of friendship and mentoring, the alumni association gave Doc and his wife, Jeanette, an all-inclusive, four-day Mexican cruise.

For those of you who graduated prior to 1974, Doc Burns is professor emeritus of the biology department who was recruited by the chapter to serve as its faculty advisor, a position he held until his retirement in 1997. During his tenure, he was an inspiration to many Chi Delts, and his dedication to the chapter was without equal. His position was, at many times, a thankless job. Although he is retired, he remains active in chapter activities and continues to be a counselor to the undergraduate chapter.

See the entire article and more pictures of the event at www.chidelts.com. You can utilize the site to offer a note of thanks to Doc for his years of service.

The alumni association would like to thank all who attended or made a donation to this event. A special thanks goes out to **Gail Hersh '87** for organizing the event and **Rennie Worsfold '86** and his wife for donating and creating the invitations. ■

Endowment Update *Building Lasting Resources at Chi*

The Chi Endowment Fund was created in 1995 to provide a permanent source of funds for our Lodge. Investment income from the endowment is used to make repairs and capital improvements. As of April 1, 2004, the assets of this fund total \$12,536 and are invested primarily in marketable securities. Since its formation over 9 years ago, the endowment fund has provided over \$3,000 in grants to the alumni association to use for improvement of our Lodge.

Chi ... an Avenue to a Seat on the Board of Directors

This former rush chair and pledge class vice president knows today's relevance of the Greek system and, specifically, the Chi Chapter. While the chapter's November New Year's Eve parties were a hit and living with brothers such as **Karel Starek '86**, **Todd Perrett '86**, **Culley Stimson '86** and **Don Gest '86** offered its own kind of education, Brother Philip Moyles '86 came away from Chi with something more.

"The fraternity afforded me an avenue to develop the skills that have helped me significantly in business," he said. "Chi is where I learned to be a team player."

Today Moyles is the managing director and vice chairman of global client development for Marsh Inc. in New York. Additionally, he is a member of the Marsh Inc. Board of Directors.

Moyles and wife, Beth, live in Rye, N.Y., with their 15-month-old son, Philip III. Brothers can reach Philip Moyles at philip.v.moyles.jr@marsh.com.

This article is part of an ongoing series designed to help us get to know our brothers better. Read the full version of it on our Web site at www.chidelts.com. If you know a brother who would make a good profile candidate, please send his name and graduation year, along with your name and graduation year, to our alumni relations service: news@2stayconnected.com. Please mention it is for Delta Tau Delta Kenyon. ■

Alumni **Report** (Continued from Page 1)

Our Lodge continues to be a significant asset to Chi. It has been key in the recruitment of new members (see Page 3) and maintaining the status of the chapter in the Kenyon community. In recent years, the chapter has placed more emphasis on the Lodge as a social gathering place. Informal chapter activities occur at the Lodge rather than at the Middle Leonard Lounge. The redefined role of the Lodge, while positive, has placed additional demands on the building infrastructure. The alumni association continues to work with the chapter in maintaining the facility.

Many of you are aware that we are in dispute with the college about our access to Middle Leonard Hall. We have certain documentation that outlines the perpetual access given to us by the college in 1924 in exchange for donations to the college. While we have threatened to use legal recourse to protect this agreement, the alumni association has decided that the current best interests of the chapter is to use the funds that would have gone to pay attorney's fees towards supporting the chapter. We are always free to bring legal action in the future; however, the alumni who committed to pay the legal expenses of the alumni association have agreed to use those funds in a future capital campaign for the chapter. The planning for this campaign is under way and promises to be unparalleled in the history of our chapter and Kenyon fraternities in general. Stay tuned to hear more details on this exciting endeavor!

We hope to see you at the Lodge on May 29 for our annual open house. It is a great way to connect with Chi alumni, see our Lodge and meet with current undergraduate members.

Chi Chapter continues to be one of the strongest fraternities at Kenyon and is one that you can take enormous pride in being an alumnus. ■

Report

A Semester of Growth and Award-winning Performance

The 2003-2004 academic year at Kenyon College has been one of growth for Chi Chapter. After a decrease in numbers over the previous two years, Chi has once again stepped up, showing that we are still a relevant part of the Kenyon community. Under the leadership of Chi's new president, **Thomas Ashby '05**, Chi has recruited 11 exemplary pledges, more than doubling the number of pledges from each of the previous two years.

Chi continues to be among the leaders in fraternity GPA on campus and has participated in numerous community service projects ranging from volunteering at a retirement home in Mt. Vernon to a swimathon for diabetes in conjunction with the Kenyon College women's swim team.

In this tradition of fraternal excellence, **Daniel Kight '04**, former president of Chi Chapter, was awarded the Ken File Scholarship at the 2004 Northern Division Conference (see more above).

Our Lodge still stands as a shrine of brotherhood and a pillar in all Delts' lives of excellence. With the guidance of Chi's advisors **J. Drew McFarland**, **Robert "Doc" Burns**, and **John Macionis**, the future of Chi looks bright. Approaching its 124th year of existence in the Kenyon College community, Chi Chapter is looking stronger than ever. ■

The rush banquet of 2004 produced the addition of several new pledges to the Chi Chapter: Jack Cerchiara (Scottsdale, Ariz.; biology), Joey Gosselar (Holland, Mich.; biology), Andrew Cooper (Georgetown, Ky.; political science), David Lynes (Nashville, Tenn.; physics), Fitzjacob "Jake" Appleman (New York, N.Y.; international studies/Spanish), James Beale (Philadelphia, Pa.; undecided), James Sapanski (New Canaan, Conn.; mathematics/economics), Kenny Senguen (Mettmann, Germany; economics), Kirby Adams (Sherman Oaks, Ca.; political science/music), Peter Bogard (Chevy Chase, Md.; English) and Timmy Greenwood (Cleveland, Ohio; history).

Chapter Executive Board

In December 2003, the chapter elected new officers. This group took office in January 2004 and will serve in their respective positions until January 2005. The new executive board is one of the youngest in recent Delt history, allowing the chapter several years of consistent and maturing leadership. Welcome, new chapter officers.
